

## Reflecting Back 23 Years

I was introduced to wrestling in 1979 when my wife, Bev, came home one evening and said, "I've enrolled the boys in wrestling." I proceeded to tell her she had lost her mind! Those people travel all over the country and are prac-

ticing most of the time. Their whole life evolves around their children. We would have to give up some of the things we really enjoyed such as watching TV, going out to dinner, catching a movie, your soccer, and our softball league. Deep down, the

thing that bothered me most, I could not imagine any of my four boys growing up and not being basketball stars. After all, Bev was all-state in basketball and I just ate and slept the sport. I may not have finished high school if not for my love of basketball.
