Greetings,

We are officially coming back to campus this fall!! The team returns to campus this month with the first day of in-person classes starting October 5th. We are beyond excited to see the team in a couple weeks! Below is an update on the season, virtual/home classroom message from the teacher and information on our virtual golf outing.

#### **2020-2021 College Season**

The season as you can imagine is constantly evolving as we learn more about COVID-19, campus & Ivy League practice/competition phases, travel for competition restrictions and official season start date. The tentative NCAA competition start date as of now is Jan 1<sup>st</sup> with the option to move up or back depending on the health and safety from the return to campus. The NCAA Championships are still scheduled for March 2021 in St. Louis, MO. More information to follow as we learn more about the upcoming season.

#### **Virtual Classroom - Update from the Teacher**

I am officially (knock on wood) relieved of my virtual classroom teaching duties as my kids started in person schooling last week. It brings tears of joy dropping my kids off at school knowing that my virtual teaching from last spring has prepared them for this school year :)!

#### **Golf Outing Registration & Information**

We received a lot of inquiries about our annual golf outing and during these challenging times and quarantine protocols among the states, we have decided to keep the tradition and host our 1st Annual Virtual New England RTC Golf Outing. Play any 18-holes of your choice throughout the month of October with your last round completed by November 1st. This is our way of getting everyone together, talking wrestling and keeping everyone safe around the country, through social distancing, state quarantines, while still enjoying a day of golf at Your favorite golf course supporting the NE RTC!
