## BE PROACTIVE. BE SAFE!

Are you doing everything you can to protect your athletes from harmful bacteria?

Body-on-body contact and poor personal hygiene are big reasons for the increase of skin disease in athletes. By implementing a MATGUARD skin disease prevention program athletes will remain healthy and safe.

**surface funk**  
bacteria, viruses, fungi on mats, pads, benches and gear, killed by MATGUARD Disinfectants.

**skin funk**  
germs on the athletes skin, spread by contact, killed by MATGUARD Antiseptics.

Ensure your program and your athletes are protected from outbreaks.

Call MATGUARD for more info on our products, educational materials and skin disease prevention guide.
