Coaches & Parents/Guardians,

State-Based Nationals in Gatlinburg, TN this weekend seems to be turning out as an extremely competitive, national event.

Wrestlers from over a dozen states, at least, are showing up to lay it all on the line.

Parents and coaches are signing their kids up left and right as the tournament competition thickens.

How would it feel to be sitting at home while everyone else is out there competing, getting mat time, and getting better?

What might you need to accomplish before Wednesday so you can organize your schedule and register your wrestler for the [Individuals Tournament](#) this weekend?
